Production Welder/Grinder Structural at General Dynamics Land Systems-Canada

- Build your career with a world-class manufacturing environment!

About the Organization

A career with General Dynamics Land Systems - Canada (GDLS-C) offers plenty of excitement, innovation, and challenge. With extensive global collaboration within the Land Systems family, we are a world-class defence industry leader with expertise in the design and manufacture of light and medium armoured vehicles. In addition to winning Canadian Defence reviews award in 2016 for best Canadian defence company, GDLS-C offers a team-based, collaborative culture, with a passion for innovation and a great focus on development and growth for employees. General Dynamics is recognized as #13 in Forbes top 300 Canadian employers. Our Total Rewards team aims to focus on defining GDLS-C's strategy to attract motivate, retain and engage employees.

At General Dynamics Land Systems we put our Customers at the centre of everything we do. Our commitment to protect and enable the men and women who serve, drives us to develop products and systems that give them a clear advantage for mission success. We are looking for passionate individuals to help us deliver innovative, unique solutions to our Customers.

About the Opportunity

We have an exciting opportunity in our Production and Delivery department for a welder/grinder structural to work within a collaborative environment with a drive for excellence to join our London team!

Your duties will also include:

- Welding, grinding, sanding, cutting and cleaning of various parts to various locations on a vehicle or sub-welding parts for the main vehicle
- Fixtures and templates may be used to locate the welds and parts to the vehicle or sub-welded parts
- Some fixtures and parts are manually handled and some are lifted with the jib or overhead crane depending on the size, weight and/or location

Required Qualifications:

- Completed post-secondary program from a recognized welding school
- Gas Metal Arc Welding (GMAW) certification all positions (CWB or TSSA)
- Shielded Metal Arc Welding (SMAW) certification all positions (CWB or TSSA)

Preferred Qualifications:

- Minimum 3-5 years of Welding work experience
- Tungsten Inert Gas (GTAW) – experience
- Inter-provincial Red Seal

Additional Requirements:

- Pass an entrance test that will cover practical / theoretical welding skills and aptitude testing
- Your resume must clearly identify your skills related to the position and certificates and references must be provided
